

Resources for Organic Pest Management

Debbie Roos, Agricultural Extension Agent
North Carolina Cooperative Extension, Chatham County Center
919-542-8202; debbie_roos@ncsu.edu

Books and Other Publications

- General Insect ID and Ecology
 - Garden Insects of North America, by Whitney Cranshaw
 - Insects and Gardens, by Eric Grissell
 - Rodale's Color Handbook of Garden Insects, by Anna Carr

- Pest Management
 - Manage Insects on Your Farm: A Guide to Ecological Strategies, by Miguel A. Altieri and Clara I. Nicholls; call SAN at 301-374-9696 to order or view book on-line at <http://www.sare.org/publications/insect/insect.pdf>
 - Resource Guide for Organic Insect and Disease Management, by Brian Caldwell, Emily Brown Rosen, Eric Sideman, Anthony Shelton, and Christine Smart, Cornell University and others; on the web at <http://www.nysaes.cornell.edu/pp/resourceguide/index.php>
 - Pests of the Garden and Small Farm: A Growers' Guide to Using Less Pesticide, by Mary Louise Flint, University of California

Web Resources

- Chatham County Cooperative Extension's **Growing Small Farms Sustainable Agriculture Website**: <http://chatham.ces.ncsu.edu/growingsmallfarms> (or just Google the phrase "growing small farms" and it will take you right there!)
 - check out **Web Resources** section for over 500 links, including those for biological control, insect management, and general pest management - I have already done the searching for you and compiled the best websites for this topic
 - check out the **Production** section, Organic Pest Management, for links to Photos of Insect Pests and Beneficials and also the Fabulous Underworld of a Tomato Canopy for lots of shots of beneficial insect activity!
